Destination Weddings

Package pricing remains the same for destination weddings, but may require minimal travel expenses. Many times I am able to deduct the cost of travel from the original package by adjusting the options slightly. Please inquire for details.

Contract Information

In order to secure a wedding date, a contract must be accompanied with a retainer fee. The retainer fee is 35% of the contracted amount. This amount is already factored into the package and is deducted from the final amount owed.

Payment in full is due 15 days prior to the wedding date.

Please contact me to schedule a free consultation.
